Trade-marks Journal

Vol. 63 No. 3217

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Toner cartridges; inkjet cartridges; printing inks; toners for photocopiers, printers and fax machines; printing presses and parts thereof; computers; computer hardware; computer software, namely, a full line of computer operating software, a full line of data security computer software, namely, a full line of computer software for data protection, namely anti-virus software, anti-malware software, anti-spyware software, anti-adware software and encryption software, namely computer software for use in the encryption and decryption of digital files in the nature of audio, video, text, binary, images, graphics and multimedia files; a full line of computer software for data deduplication; a full line of computer software to backup data, a full line of computer software to recover backup data; a full line of computer software for application protection, namely security software; a full line of computer software for training and educating, namely, a full line of computer software for providing training and education on application lifecycle management; a full line of computer software for providing training and education on the use, planning, operation, management, governance, strategic implementation and optimization of information technology resources, namely computers, computer software, computer networks, computer network devices, computer applications, computer peripherals, telecommunications systems; a full line of computer software for providing training and education on data security and database management,; a full line of computer software for providing training and education on the use, operation, management, and optimization of information technology resources, namely, computers, computer software, computer networks, computer network devices, computer applications, computer peripherals, telecommunications systems, facsimile machines, computer hardware, computer communication networks, computer programming, computer and network stability, computer software development, computer operating systems, cloud computing, software as a service (SaaS); a full line of computer software for providing training and education on data archiving; a full line of computer software for providing training and education on data analytics; a full line of computer software for providing training and education on application, network and information security; a full line of computer software for providing training and education on software and hardware design and development; a full line of computer software for business applications, namely, a full line of computer software for storing, managing, tracking, analyzing business and business analytics and research data in the fields of business investments and return on investment, marketing, sales, businesses operations, business management, finance, higher education, namely, universities, colleges, technical institutes and their faculties, consumer identification data, personnel management, supply chain logistics, business operations of governmental bodies; a full line of computer software for business applications, namely, a full line of computer software for the management and optimization of computer hardware, computers, computer operating systems, computer storage systems, namely storage systems for storage and backup of electronic data either locally or via a global computer network and networks; a full line of computer software for testing computer software for business applications,; a full line of financial management and financial analysis software for facilitating the collection, organization, presentation, management and analysis of financial and business information; a full line of computer software for application lifecycle management, namely, a full line of computer software to manage and test the functions, performance, security and quality of computer software applications; a full line of computer software for application and computer systems development, namely, a full line of computer software to plan, execute, manage and automate the development and operation of computer applications; a full line of computer software for testing and analyzing the compatibility, interoperability, speed and security features, functionality, compliance and adherence to industry standards of application programs, computers, computer operating systems, computer networks, computer hardware and computer software; a full line of computer software for enterprise security applications; a full line of computer software for use in organizing, storing, retrieving, executing and transmitting computer software applications between computers, computer networks, mobile computers, and mobile phones; a full line of computer software for network and server automation, namely computer software for setting up, controlling, managing and configuring computer networks and servers; a full line of computer software for managing databases, servers, networks, computer systems, applications, and the exchange of communications in the form of e-mail, voicemail, video conferencing, texting and instant messaging, and third party data and information over computer networks and global communications networks; a full line of computer software for automated management of databases, servers, networks, computer systems, applications, and the exchange of communications, data and information over computer networks and global communications networks; a full line of computer software for monitoring the functionality and accessibility of mobile application programs; a full line of computer software to automate data warehousing; a full line of computer software and databases for use in diagnosis, repair and configuration of computers; a full line of computer software for database management; a full line of financial management software for reporting, analyzing and publishing financial information; a full line of computer software for cloud computing provider services for general storage of data; a full line of computer software for security management related to computer networks and systems; a full line of computer software for use in managing and optimizing information technology resources, namely, computers, computer applications, and network devices; a full line of computer software for use in a business intelligence and data warehousing platform that organizes and manages information and optimizes information analysis and reporting,; a full line of computer software for use in data warehousing and distribution, to manage transactional data, provide statistical analysis, and produce reports; a full line of computer software for accessing, monitoring, storing, analyzing and reporting data and information stored on computer networks, all in the fields of business, business investments and return on investment, business management, business operations, marketing, sales, finance, academia, personal data, workforce management, supply chain logistics, government, and the use, management and optimization of computer hardware, computer systems, computer storage systems and networks; a full line of computer software namely security software for software applications delivered and consumed over the Internet; a full line of computer software that provides availability monitoring for software applications delivered and consumed over the internet, namely computer software that monitors and verifies users' ability to access software delivered and consumed over the Internet; a full line of computer software for operating, managing and networking printers; a full line of computer software for use in diagnosis, repair and configuration of new applications programs, computers, computer operating systems, computer hardware and computer software before deployment; computer software for use in data migration; a full line of computer software for managing, controlling and optimizing the speed, accessibility, security, efficiency and operations of computer servers and computer networks; a full line of computer software for identifying and correcting web application security vulnerabilities; a full line of computer software for performing functional and regression testing of computer software; a full line of computer software for organizing and viewing digital images and text files; a full line of computer software for use in playing multimedia content, namely pre-recorded audio, sound and music; a full line of computer software for use in transmitting text, images and sound between computers, between computers and mobile computers and mobile telephones and between mobile computers and mobile telephones; computer software to enhance the audio visual capabilities of multimedia applications for the integration of text, audio, graphics, still images and moving pictures; computer software for facilitating the streaming and downloading of text, image and audio files between devices that are capable of playing or storing such files; computer peripherals, namely, a full line of computer peripheral equipment, namely, computer batteries, uninterruptible power supplies for computers, USB flash drives, computer bags, computer buffers, optical cables, computer cables, computer cases, computer chips, computer disk drives, computer display screens, computer furniture, computer furniture parts, computer monitors, computer mouse, computer mouse pads, computer network adapters, computer power supplies, computer printers, computer printer cartridges, ink cartridges for printers, toner cartridges, computer servers, flat panel display screens, liquid crystal display panels, video screens, computer keyboards, computer speakers, computer storage devices, namely, external hard drives,; blank digital video discs, blank optical drives; video conferencing equipment, namely, display screens, webcams, headsets, microphones and speakers ,; detachable viewing screens for multifunction printers; computer and communications networking hardware and software, namely, a full line of computer and communications networking hardware, namely, switches, wireless local area networks, routers, host modules for network communications, WLAN modules; network storage systems, namely, hardware and software for storing and backing up data and computer applications on computer networks; a full line of computer software for securing, managing, and exchanging communications, namely, instant messaging, text, images, sound, video and data, between two or more computers, computer servers and other computing devices that connect to a computer network, diagnostic computer software for use to enable companies utilizing networks of connected computers of varying types located in various geographic locations to monitor the activities of remote computers and remote computer networks for the purposes of monitoring, predicting, diagnosing and remedying problems with software-based data processing activities on such computers, software and computer networks; a full line of computer software for management of devices, namely network routers, computer network bridges, computer network hubs, Ethernet switches, comprising the computer network, control of devices comprising a computer network, and diagnosis of computers and computer networks to improve the performance of devices comprising a computer network; a full line of data processing systems, namely computer hardware and computer software for image processing, word processing , sound processing and data processing; a full line of data storage systems, namely computer hardware for storing information, data, sound or images, and computer software for storing information, data, sound and images; computer printers; facsimile machines; imaging hardware and software, namely a full line of computer hardware for digital imaging and a full line of computer software for use in digital imaging, namely, a full line of computer software for photo-editing and photo printing; a full line of computer scanners, a full line of optical scanners; photocopiers; a full line of computer projectors; calculators, telephones, and parts and fittings for the foregoing; blank recordable and rewritable CD-Rs and DVD-Rs, CD-RWs and DVD-RWs; recordable and rewritable blank CDs and DVDs and drives and writers therefor; paper; print heads for printers and plotters; brochures; guides; technical bulletins; instruction manuals; product catalogs; non-electric cables and wires of common metal, namely, fastening cables, lifting cables, guy wires, metal wires; iron mongery and small items of metal hardware, namely, nuts, screws, nails, bolts; pipes and tubes of metal for use in food and beverage processing systems; pipes and tubes of metal for use in food and beverage filling and package systems, heating and cooling systems, ventilation systems, water distribution systems, drainage and irrigation systems; drinking-cups of metal for animals; stalling arrangements and equipments, namely, milking and feeding stalls for livestock; stationary and temporary gates and fences installations; fluid storage tanks in metal; refrigeration tanks in metal; machine tools for the food and beverage packaging and processing industry, machine tools for the agricultural and horticultural industry; agricultural implements other than hand-operated, namely, plows, cultivators, harvesters, lawnmowers, manure presses; milking machines including control means, take-off means, milk meter means, vacuum connections and joints; mechanized feeders for animals and electronic feeders for animals; animal milk yield recording systems consisting of electronic data recorders, liquid level sensors, apparatus for recording and reproduction of sound, images or data for monitoring livestocks and milking performance; vacuum pumps; fodder presses; teat cups, teat cup liners and flexible tubes for milking machines; flexible tubes for hydraulic and vacuum arrangements; feeding machines for the storage, preparation and distribution of feed to animals, young stock and other livestock; washing machines for milking equipment and milk lines; manure handling equipment; machines, namely filling and packaging machines; machines for cleaning and vacuum generation in connection with chilling and storage of milk at farms; machines for generating cleaning foam; blow-forming machines; injection molding machines; extrusion blow-molding machines; extrusion machines; bulk filling machines; packing machines; wrapping machines; pallet packing machines; parts of machines, namely, feeder hoppers for raw material; preform feeder machines; preform orientation machines; preform injection presses; machines for manufacturing stoppers or caps; machines for orienting stoppers or caps; capping machines; stoppering machines; bottle sealing machines; industrial sealing apparatus for food and beverage containers; printing machines; vacuum packing machines; carton forming machines; labeling machines; paper cutters, bolt cutters, plastic cutters; machines for handling containers; machines for treating container packaging, in particular for improving the barrier properties and gas tightness of the packages, bottles or containers; parts of machines, namely, pressure relief valves, safety valves, automatic valves; pasteurizers; cheese-making machines; cheese-packing machines; milling machines; industrial mixing machines for dairy products, ice cream, soft drinks and still beverages; food and beverage mixers; cheese-cutting machines; stirring and oscillating machines; cheese-pressing machines; cheese-wrapping machines; machines, namely, cheese block formers; parts of machines, namely, cheese-moulds; dairy equipment machines, namely, milk coolers, liquid storage tanks, milk pasteurisers; homogenizer machines; machines, namely, centrifuges; cream and milk separators for use in food processing; parts of machines, namely, heat exchangers; pumps and valves for use in the processing and packaging of food and liquid industry; parts of machines, namely, cake moulds, pastry moulds, cheese moulds, ice cream moulds; parts of machines, namely, stick inserters and fillers for use in the manufacture of frozen confectionary; beverage preparation machines, namely, electric juicers, beverage pasteurizer, carbonation machines, sugar dissolving machines; food preparation machines, namely, bakery mixing machines, bread making machines, industrial food processors, cheese making machines and ice cream making machines; commercial food processing machines, namely, filling and packaging machines of food and liquid products; industrial machines for use in making ice cream; machines and equipment for extracting juice from fruits and vegetables, namely, electric juicers; machines and equipment for blending and dosing food and liquid products, namely, gravimetric feeders, volumetric feeders, industrial blenders; machines and equipment for mixture and dilution of food and liquid products, namely, machines and equipment for producing curd, whey, juice, nectar, still drinks and dairy products; machines and equipment for recombination of food and liquid products, namely, mixing tanks, flow meters, thermometers, circulation pumps, multi-speed agitators; machines and equipment for mixing food and liquid products, namely, industrial food and beverage mixers, industrial food and beverage blenders; machines for making aerated beverages, machines for dispensing aerated beverages; coffee brewing machines, tea brewing machines, beer brewing machines; fruit presses; machines and equipment for blending liquid food products, namely, industrial mixers for blending liquid food products; machines and equipment for aseptic storage of food and liquid products, namely, food storage tanks, liquid storage tanks, food storage containers; equipment for the reconstitution of aromas in food and beverage products for use in the industrial manufacture of food and beverages; parts of machines, namely, water filters for industrial use, membrane filters and filters for filtering particles when making food and beverages; ingredient feeders for use in food and beverage manufacture and in agricultural industry; machines for cleaning industrial equipment, namely, food packaging filling machines, food processing machines, pasteurisers, sanitary pipes, liquid storage tanks; pressure washers; professional vacuum cleaners; agricultural hand tools and hand operated implements namely rake, spade and hayfork; cutlery; hand tools for animal care; hair-cutting equipment; apparatus and instruments for surveying, weighing, measuring, signalling, teaching, and checking and supervision, namely, scales, weighing instruments, namely check weighers, beltweighers, multihead weighers, laser scanners for industrial inspection, instruments for measuring milk quality parameters, for use in the field of milking, filling machines, food processing machines and distribution; electric fences; hardware and software computer systems for the management, supervision and control of herds; transponders and readers for animal identification; pulsators, namely, electric measuring devices used with milking machines for measuring the amount of milk; closed circuit cameras and monitors; electrical fly catchers; computer systems, namely, computers and peripheral devices, namely, monitors, keyboards, and printers for supervising and controlling food processing systems, filling systems and packaging systems for use in the industrial manufacture of food and beverages; computer hardware, namely, monitors; computer software for monitoring milk yield in the field of farming operations; electric monitoring apparatus, namely, computer monitors for tracking and monitoring energy usage; electric installations for the remote control of cheese making machines, capping machines, vacuum packing machines, homogenizer machines in industrial food and beverage manufacturing plants; apparatus for controlling the contents, ratios and additives of ingredients in the industrial manufacture of food, liquid food and beverages; dosing machines; dosimeters; temperature indicators; liquid-level gauges, pressure gauges, temperature gauges; pressure indicators; apparatus for lighting, heating, steam generating, cooking, refrigerating, cooling, drying, ventilating, water supply and sanitary purposes, namely, apparatus for cooling and heating food and liquid products in the nature of refrigerators, refrigeration equipment, freezers, namely, food and beverage chilling units and rapid food chilling units, heat exchanger for pasteurizing and heating and cooling of liquid foods and beverages, steam radiators for heating animal enclosures, hot water heaters, electric lighting fixtures, water fountains and purifiers for livestock; irrigation installations for animals, namely water buckets, nipples, irrigation pumps for feeding of animals; milk filters; apparatus for energy recovery, namely, heat pumps, heat exchangers for milk cooling and barn air conditioning equipment; foam applicators, namely, foam applicators for cleaning udders; heat exchangers; sterilizers for milk; evaporators for use in the manufacture of dairy products; freezers; refrigerating apparatus and machines, namely, refrigerators, refrigerating cabinets; milk cooling installations; auto claves, namely, pressure cookers; hardening and freezing tunnels for use in the industrial preparation of foodstuffs and beverages; apparatus for making ice cream, namely plate heat exchangers, high pressure homogenizers, continuous freezers; level controlling valves in tanks; paper, cardboard, aseptic carton, paperboard and goods made of these materials, namely, food and beverage packing containers; wrapping- and packing material partly or wholly of paper, paperboard, cardboard or plastic; packaging containers and packaging material made of paper or made of paper coated with plastic material; bags, trays, sacks, pouches, bottles and sheets for packaging and storage of foodstuffs and liquid or semi-liquid products; containers for ice cream; cone sleeves; plastic materials for packaging; plastic film for packaging, plastic film for palletizing goods, food wrapping plastic film for household use; plastic film for wrapping; laminated paper, paperboard or cardboard for packaging, distribution, wrapping and storage of food and liquid products; printed matter, namely, books, brochures, magazines, newspapers, pamphlets; instructional and teaching material, except apparatus, namely, books, journals, videotapes, charts, interactive board games, interactive video games and puzzles; air hoses; liquid transfer hoses; teat cup liners; animal harness, safety harness; animal harness parts made of iron; fastenings for cows; halters for animals; saddlery; goods of wood, cork, cane and substitutes for all these materials, or of plastics, namely, industrial packaging containers and integral structural parts for packing of food and liquid products; bottle caps and bottle closures, not of metal; closures, not of metal, for containers; sealing caps; transport pallets, not of metal; bottles and containers, not of metal, namely, plastic bottles, glass bottles, beverage containers, food storage containers; horse brushes and curry-combs; combs and sponges for use on livestocks; brushes for cleaning purposes; cloths for cleaning; feeding and water troughs and bowls for animals; power operated hand sprayers, namely, teat sprayers; power operated hand sprayers for sanitary and cleaning purposes of livestock and milking equipment; teat dipping cups; drinking straws; wine bottles, water bottles, soda bottles, juice bottles, soft drink bottles, milk bottles, liquid dairy bottles, beer bottles, spirits bottles; trays, namely trays for packaging; clothing, namely, shirts, pants, jackets; headgear, namely, hats and caps, clothing aprons; gloves; floor coverings for stables and barns; cow mats; meat, fish, poultry and game; meat extracts; preserved, frozen, dried or cooked fruits and vegetables; jellies, jams, compotes; eggs, milk and milk products; dairy-based beverages; soya based food and liquid products, namely, soya milk, non-dairy soya beverages, soya-based snacks, soya-based ice cream substitutes; edible oils and fats; bouillon-concentrates; tomato purée; soups; soya milk; coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, namely, breakfast cereals, cereal based snack foods, processed cereals; bread , pastry and confectionery, namely, confectionery chips for baking, confectionery made of sugar, ice cream; beverages with coffee, tea, cocoa or chocolate base; iced tea; honey, treacle; yeast, baking-powder; salt, mustard; vinegar; sauces, namely tartar sauce, pasta sauce, gravy sauce, fish sauce, soya sauce and condiments, namely ketchup, mustard, relish and vinegar; tomato sauce; spices; ice; food stuffs for animals, namely, animal food pellets, fodder; additives to fodder; beers; mineral and aerated waters and other non-alcoholic drinks, namely, non-alcoholic cocktails, non-alcoholic coffee-based beverages, non-alcoholic fruit drinks, non-alcoholic tea-based beverages; fruit drinks and fruit juices; isotonic beverages; syrups and other preparations for making beverages, namely, syrups for making fruit drinks, powders for making fruit juices, concentrates used in the preparation of soft drinks; alcoholic beverages, except beers, namely, vodka, whiskey, gin, vermouth, port, schnapps, sherry, wine.

SERVICES

Building construction; factory construction; repair and maintenance of food and beverage filling, packaging, processing machines, milking machines, feeding machines for livestock; installation of food and beverage filling, packaging, processing machines, installation of milking machines, installation of feeding machines for the storage, preparation and distribution of feed to animals, young stock and other livestock; engineering services in the field of food and beverage filling, packaging and processing machines, engineering services in the field of milking and feeding machines of livestocks; computer hardware and software consulting; development of data processing programs; computer programming; technical support and consultation services for managing computer systems, databases and applications and consultation services for managing computer systems, databases and application; packaging design; scientific consulting in the field of planning and development of dairy factories; technological consultancy in the field of planning and development of milk production factories and dairies; scientific and technological research and development services in the field of industrial food and liquid processing machines, industrial food and liquid package filling machines, and industrial food and liquid distribution machines; engineering with regard to machines, machine tools, machines for processing plastic materials, machines for processing packaging materials and machines for distribution of packaging material; technical surveys, engineering in the fields of the manufacture of packaging, containers, plastic materials; technical surveys and engineering with regard to the development, repair and improvement of paper or plastic processing machines; agricultural services, namely, training in the use and operation of agricultural equipment, rental of agricultural equipment, livestock management advice, animal breeding advice; consultations in the field of management, operation, maintenance and development of livestock and dairy farms; cattle feeding, breeding, milking and manure handling; consultations concerning environmental control in agriculture.

GOODS

(1) Towed agricultural implements, namely slurry tankers; towed agricultural implements, namely integrated chassis tanks; machines for injecting lime slurry, cement, and road cementing materials; agricultural machines, namely towed agricultural trailers; agricultural machine parts, namely agricultural buckets; agricultural machines for ploughing; agricultural machines for sowing; agricultural machines for seed planting; agricultural machines for soil cultivation; agricultural machines for harvesting grass; agricultural machines for tillage; agricultural machines for cutting grass; agricultural machines for fertilizing; towed agricultural implements, namely hay rakes; hydraulic pumps; tractor-mounted sprayers; diffuser spray nozzles used as agricultural implements; agricultural machines, namely slurry injectors; agricultural machines, namely arable tine, trailing shoe, disc harrow injectors; agricultural implements towed by hay baler tractors; harvesters; combines; reaper-binders; power tillers; chaff cutters; coalcutting machines; harrows; towed agricultural implements, namely disc harrows; tractor-towed harrows; band conveyors for agricultural machines and their constituent parts and pieces; front loaders for tractors; cutting edges for agricultural machines; agricultural machines, namely galvanized muck scrapers; agricultural machines, namely bale spikes; mechanical spreaders; slurry and manure spreaders; machines, namely fertilizer spreaders; towed fertilizer spreaders; towed agricultural implements, namely fertilizer spreaders; machines, namely manure spreaders; machines, namely fodder spreaders; machines, namely row fertilizer spreaders; two-disc fertilizer spreaders; towed agricultural implements, namely fertilizer spreaders; spray nozzles for use as machine parts; slurry spray nozzles for use as machine parts; agricultural machine parts, namely beaters for spreaders; agricultural machine parts, namely hoods for spreaders; agricultural machine parts, namely spreading tables; agricultural machine parts, namely spreading floors; agricultural machine parts, namely wide or narrow body spreaders; agricultural machine parts, namely push-off or scraper floor spreaders; agricultural machine parts, namely spreader bars; agricultural machine parts, namely multi-nozzle spreader bars; agricultural machine parts, namely dribble bars; agricultural machine parts, namely hydraulic rain guns for spreaders; agricultural machines, namely tankerless spreading systems; agricultural machines, namely umbilical spreading systems; machines, namely grinder-distributors; machines, namely slurry macerators; machines, namely slurry mixers; vacuum pumps; high-pressure pumps; rotary lobe pumps; suction pumps; suction pumps for slurry; centrifuge pumps; transfer pumps; suction cranes; pumping accelerators; self-propelled street sweepers; conveyor belts; straw balers; bulldozers; trash compacting machines; crushers; disintegrators; mechanical reels; mechanical reels for flexible hoses; leather paring machines; dynamos; fleshing machines; swaging machines; scythes; drilling machines; ploughs, namely ditchers; lifting apparatus, namely cranes; machine tools, namely copers; machines, namely shredders for industrial use; cutters; rolling mills; binders; power shovels; transfer plates; overhead travelling cranes; blowing machines for the compression, sucking, and carrying of grain; conveyor belts; machines, namely lawn mowers; floating or non-floating derricks; band conveyors; pneumatic transporters; hoppers for mechanical discharging; mechanical lifts; machine cages; crankcases for machines, motors, and engines; hydraulic controls for machines, motors, and engines; pneumatic controls for machines, motors, and engines; rolling mill cylinders; engine cylinders; chaff cutter blades; machine parts, namely saw blades; machine parts, namely slide rests; machine parts, namely stuffing boxes; knives for mowing machines; electric knives; machine parts, namely knives; control mechanisms for machines, engines, or motors; fodder presses.

(2) Control arms for vehicles; articulated arms attached to a vehicle; tractors; tractors for agricultural use; lawn tractors; tow tractors; vehicles, namely electric tractors; tracks for tractors; hitches for tractors; trailers for semi-tractors; trucks; light trucks; tipper trucks; dump trucks; rigid dump trucks; truck boxes; tipping bodies for trucks; tank trucks; industrial trucks; tow trucks; electric trucks; engine-powered trucks; trucks equipped with power jets mounted onto hook lift chassis; equipment mounted onto hook lift chassis, in particular buckets, drums, and tanks mounted onto hook lift chassis; vehicle parts, namely removable hook lift chassis; tanker trucks; vacuum trucks; trailers for trucks; trailers for tank trucks; motorized tailgates for trucks; alarm systems for trucks; tipping devices for trucks; protective coatings for truck flatbeds; protective coatings for truck platforms; automatically guided driverless material handling trucks; pickup trucks; chassis for automobiles, vehicles, and trucks; chassis for land vehicles; articulated chassis for vehicles and trucks; chassis with tipping hoists for vehicles and trucks; handling carts; hose carts; fork lift trucks; vehicles, namely tandem trucks; wheelbarrows; engine covers for vehicles and trucks; vehicle hoods; bodies for vehicles; bodies for automobiles, vehicles, and trucks; crankcases for land vehicle and truck components other than for motors and engines; land vehicle parts, namely running gears; land vehicle parts, namely suspended running gears; land vehicle parts, namely axles; land vehicle parts, namely self-steering axles; land vehicle parts, namely forced-steering axles; vehicle and truck parts, namely galvanized or plastic tanks; land vehicle parts, namely triple axles; land vehicle parts, namely spring suspensions; land vehicle parts, namely hydraulic suspensions; vehicle and truck covers; vehicles, namely sleighs.

SERVICES

Services related to the retail or wholesale of towed agricultural implements, namely slurry tankers, towed agricultural implements, namely integrated chassis tanks, injection machines for lime slurry, cement, and road cementing materials, agricultural machines, namely towed agricultural trailers, agricultural machine parts, namely agricultural buckets, loaders for agricultural machines, agricultural machines for ploughing, agricultural machines for sowing, agricultural machines for seed planting, agricultural machines for soil cultivation, agricultural machines for harvesting grass, agricultural machines for tillage, agricultural machines for cutting grass, agricultural machines for fertilizing, towed agricultural implements, namely hay rakes, hydraulic pumps, tractor-mounted sprayers, diffuser spray nozzles used as agricultural implements, agricultural machines, namely slurry injectors, agricultural machines, namely arable tine, trailing shoe, disc harrow injectors, agricultural tools towed by hay baler tractors, harvesters, combines, binders, power tillers, chaff cutters, coalcutting machines, harrows, towed agricultural implements, namely disc harrows, tractor-towed harrows, band conveyors for agricultural machines and their constituent parts and pieces, front loaders for tractors, cutting edges for agricultural machines, agricultural machines, namely galvanized muck scrapers, agricultural machines, namely bale spikes, mechanical spreaders, slurry and manure spreaders, machines, namely fertilizer spreaders, towed fertilizer spreaders, towed agricultural implements, namely fertilizer spreaders, machines, namely manure spreaders, machines, namely fodder spreaders, machines, namely row fertilizer spreaders, two-disc fertilizer spreaders, towed agricultural implements, namely fertilizer spreaders, spray nozzles for use as machine parts, slurry spray nozzles for use as machine parts, agricultural machine parts, namely beaters for spreaders, agricultural machine parts, namely hoods for spreaders, agricultural machine parts, namely spreading tables, agricultural machine parts, namely spreading floors, agricultural machine parts, namely wide or narrow body spreaders, agricultural machine parts, namely push-off or scraper floor spreaders, agricultural machine parts, namely spreader bars, agricultural machine parts, namely multi-nozzle spreader bars, agricultural machine parts, namely dribble bars, agricultural machine parts, namely hydraulic rain guns for spreaders, agricultural machines, namely tankerless spreading systems, agricultural machines, namely umbilical spreading systems, machines, namely grinder-distributors, machines, namely slurry macerators, machines, namely slurry mixers, vacuum pumps, high-pressure pumps, rotary lobe pumps, suction pumps, suction pumps for slurry, centrifuge pumps, transfer pumps, suction cranes, pumping accelerators, self-propelled road sweeping machines, conveyor belts, straw balers, bulldozers, trash compacting machines, crushers, disintegrators, mechanical reels, mechanical reels for flexible hoses, leather paring machines, dynamos, fleshing machines, elevators, agricultural elevators, swaging machines, scythes, drilling machines, ploughs, namely ditchers, lifting apparatus, namely cranes, machine tools, namely copers, machines, namely shredders for industrial use, cutters, rolling mills, binders, power shovels, transfer plates, overhead travelling cranes, blowing machines for the compression, sucking, and carrying of grain, conveyor belts, machines, namely lawn mowers, floating or non-floating derricks, band conveyors, pneumatic transporters, hoppers for mechanical discharging, mechanical lifts, machine cages, crankcases for machines, motors, and engines, hydraulic controls for machines, motors, and engines, pneumatic controls for machines, motors, and engines, rolling mill cylinders, engine cylinders, chaff cutter blades, machine parts, namely saw blades, machine parts, namely slide rests, machine parts, namely stuffing boxes, knives for mowing machines, electric knives, machine parts, namely knives, control mechanisms for machines, engines, or motors, fodder presses, measuring, signalling, and monitoring instruments, namely instruments for monitoring transportation cycles, suction and spreading of fertilizers, slurries, manures, and fertilizing preparations, downloadable electronic publications in the field of agricultural machinery, control software, monitoring software, signalling software, measuring software in the field of agricultural machinery, systems for automating transportation cycles, suction and spreading of fertilizers, slurries, manures, and fertilizing preparations, static or dynamic weighing apparatus, systems for calculating flow rate proportional to ground speed, geolocation systems, control arms for vehicles, articulated arms attached to a vehicle, tractors, tractors for agricultural use, lawn tractors, tow tractors, vehicles, namely electric tractors, tracks for tractors, hitches for tractors, trailers for semi-tractors, trucks, light trucks, tanker trucks, dump trucks, rigid dump trucks, truck boxes, tipping bodies for trucks, tank trucks, industrial trucks, tow trucks, electric trucks, engine-powered trucks, trucks equipped with power jets mounted onto hook lift chassis, equipment mounted onto hook lift chassis, in particular buckets, drums, and tanks mounted onto hook lift chassis, vehicle parts, namely removable hook lift chassis, tanker trucks, vacuum trucks, trailers for trucks, trailers for tank trucks, motorized tailgates for trucks, alarm systems for trucks, tipping devices for trucks, protective coatings for truck flatbeds, protective coatings for truck platforms, automatically guided driverless material handling trucks, pickup trucks, chassis for automobiles, vehicles, and trucks, chassis for land vehicles, articulated chassis for vehicles with tipping hoists for vehicles and trucks, handling carts, hose carts, fork lift trucks, vehicles, namely tandem trucks, wheelbarrows, engine covers for vehicles and trucks, vehicle hoods, bodies for vehicles, bodies for automobiles, vehicles, and trucks, crankcases for land vehicle and truck components other than for motors and engines, land vehicle parts, namely running gears, land vehicle parts, namely suspended running gears, land vehicle parts, namely axles, land vehicle parts, namely self-steering axles, land vehicle parts, namely forced-steering axles, vehicle and truck parts, namely galvanized or plastic tanks, land vehicle parts, namely triple axles, land vehicle parts, namely spring suspensions, land vehicle parts, namely hydraulic suspensions, vehicle and truck body covers, vehicles, namely sleighs. Import/export of towed agricultural implements, namely slurry tankers, towed agricultural implements, namely integrated chassis tanks, injection machines for lime slurry, cement, and road cementing materials, agricultural machines, namely agricultural trailers, agricultural machine parts, namely agricultural buckets, loaders for agricultural machines, agricultural machines for ploughing, agricultural machines for sowing, agricultural machines for seed planting, agricultural machines for soil cultivation, agricultural machines for harvesting grass, agricultural machines for tillage, agricultural machines for cutting grass, agricultural machines for fertilizing, towed agricultural implements, namely hay rakes, hydraulic pumps, tractor-mounted sprayers, diffuser spray nozzles used as agricultural implements, agricultural machines, namely slurry injectors, agricultural machines, namely arable tine, trailing shoe, disc harrow injectors, agricultural tools towed by hay baler tractors, harvesters, combines, binders, power tillers, chaff cutters, coalcutting machines, harrows, towed agricultural implements, namely disc harrows, tractor-towed harrows, band conveyors for agricultural machines and their constituent parts and pieces, front loaders for tractors, cutting edges for agricultural machines, agricultural machines, namely galvanized muck scrapers, agricultural machines, namely bale spikes, mechanical spreaders, slurry and manure spreaders, machines, namely fertilizer spreaders, towed fertilizer spreaders, towed agricultural implements, namely fertilizer spreaders, machines, namely manure spreaders, machines, namely fodder spreaders, machines, namely row fertilizer spreaders, two-disc fertilizer spreaders, towed agricultural implements, namely fertilizer spreaders, spray nozzles for use as machine parts, slurry spray nozzles for use as machine parts, agricultural machine parts, namely beaters for spreaders, agricultural machine parts, namely hoods for spreaders, agricultural machine parts, namely spreading tables, agricultural machine parts, namely spreading floors, agricultural machine parts, namely wide or narrow body spreaders, agricultural machine parts, namely push-off or scraper floor spreaders, agricultural machine parts, namely spreader bars, agricultural machine parts, namely multi-nozzle spreader bars, agricultural machine parts, namely dribble bars, agricultural machine parts, namely hydraulic rain guns for spreaders, agricultural machines, namely tankerless spreading systems, agricultural machines, namely umbilical spreading systems, machines, namely grinder-distributors, machines, namely slurry macerators, machines, namely slurry mixers, vacuum pumps, high-pressure pumps, rotary lobe pumps, suction pumps, suction pumps for slurry, centrifuge pumps, transfer pumps, suction cranes, pumping accelerators, self-propelled road sweeping machines, conveyor belts, straw balers, bulldozers, trash compacting machines, crushers, disintegrators, mechanical reels, mechanical reels for flexible hoses, leather paring machines, dynamos, fleshing machines, elevators, agricultural elevators, swaging machines, scythes, drilling machines, ploughs, namely ditchers, lifting apparatus, namely cranes, machine tools, namely copers, machines, namely shredders for industrial use, cutters, rolling mills, binders, power shovels, transfer plates, overhead travelling cranes, blowing machines for the compression, sucking, and carrying of grain, conveyor belts, machines, namely lawn mowers, floating or non-floating derricks, band conveyors, pneumatic transporters, hoppers for mechanical discharging, mechanical lifts, machine cages, crankcases for machines, motors, and engines, hydraulic controls for machines, motors, and engines, pneumatic controls for machines, motors, and engines, rolling mill cylinders, engine cylinders, chaff cutter blades, machine parts, namely saw blades, machine parts, namely slide rests, machine parts, namely stuffing boxes, knives for mowing machines, electric knives, machine parts, namely knives, control mechanisms for machines, engines, or motors, fodder presses, measuring, signalling, and monitoring instruments, namely instruments for monitoring transportation cycles, suction and spreading of fertilizers, slurries, manures, and fertilizing preparations, downloadable electronic publications in the field of agricultural machinery, control software, monitoring software, signalling software, measuring software in the field of agricultural machinery, systems for automating transportation cycles, suction and spreading of fertilizers, slurries, manures, and fertilizing preparations, static or dynamic weighing apparatus, systems for calculating flow rate proportional to ground speed, geolocation systems, control arms for vehicles, articulated arms attached to a vehicle, tractors, tractors for agricultural use, lawn tractors, tow tractors, vehicles, namely electric tractors, tracks for tractors, hitches for tractors, trailers for semi-tractors, trucks, light trucks, tanker trucks, dump trucks, rigid dump trucks, truck boxes, tipping bodies for trucks, tank trucks, industrial trucks, tow trucks, electric trucks, engine-powered trucks, trucks equipped with power jets mounted onto hook lift chassis, equipment mounted onto hook lift chassis, in particular buckets, drums, and tanks mounted onto hook lift chassis, vehicle parts, namely removable hook lift chassis, tanker trucks, vacuum trucks, trailers for trucks, trailers for tank trucks, motorized tailgates for trucks, alarm systems for trucks, tipping devices for trucks, protective coatings for truck flatbeds, protective coatings for truck platforms, automatically guided driverless material handling trucks, pickup trucks, chassis for automobiles, vehicles, and trucks, chassis for land vehicles, articulated chassis for vehicles and trucks, chassis with tipping hoists for vehicles and trucks, handling carts, hose carts, fork lift trucks, vehicles, namely tandem trucks, wheelbarrows, engine covers for vehicles and trucks, vehicle hoods, bodies for vehicles, bodies for automobiles, vehicles, and trucks, crankcases for land vehicle and truck components other than for motors and engines, land vehicle parts, namely running gears, land vehicle parts, namely suspended running gears, land vehicle parts, namely axles, land vehicle parts, namely self-steering axles, land vehicle parts, namely forced-steering axles, vehicle and truck parts, namely galvanized or plastic tanks, land vehicle parts , namely triple axles, land vehicle parts, namely spring suspensions, land vehicle parts, namely hydraulic suspensions, vehicle and truck covers, vehicles, namely sleighs.

Biological preparations for pharmaceutical purposes for the treatment of pain, itch, diabetes, cancer , and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; pharmaceutical preparations for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; pharmaceutical preparations for animals for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; pharmaceutical preparations for the therapeutic treatment of diabetes mellitus; pharmaceutical preparations for veterinary use for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; radioactive preparations for veterinary use for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; reagents for in-vitro laboratory use (for medical diagnostic veterinary purposes); reagents for laboratory purposes (for medical diagnostic veterinary purposes); reagents for use in analytical tests (for medical diagnostic veterinary purposes); reagents for use in diagnostic tests (for medical diagnostic veterinary purposes); reagents for use in the development of monoclonal antibodies (for veterinary purposes); reagents in kit form for conducting enzyme-linked immunosorbent assays (ELISA) (for veterinary purposes); veterinary preparations for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary preparations for administration by injection for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary preparations for the immunisation against disease for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary preparations for use in improving the skin for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary preparations for use in treating the coat for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary preparations in dosage forms for veterinary use for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; veterinary products, namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues; veterinary products for equines, namely fully equinized monoclonal antibodies, equine fusion proteins; veterinary vaccines; biological preparations for veterinary purposes for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; proteins for medical use in binding antibodies; proteins for medical use in detecting antibodies; proteins for medical use in recombinant DNA technology; antibodies; immunological antibodies for medical use; monoclonal antibodies for diagnostic use (medical); monoclonal antibodies for medical use; monoclonal antibodies for therapeutic purposes; products containing antibodies for use in medicine for pain; itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; reagents for use in the development of monoclonal antibodies (for medical purposes); tagged antibodies for medical use; biological preparations for medical purposes for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; biological products for medical use, namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues; biological reagents for medical diagnostic purposes for use in molecular biology; biological substances for medical use, namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; reagents for use in biological processing (for medical diagnostic purposes); reagents for use in biological processing (for medical diagnostic veterinary purposes; therapeutic biological products (medical), namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues for the treatment of pain; monoclonal antibody reagents for medical use; itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; therapeutic agents (medical) for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; therapeutic drugs (medical) for the treatment of pain, itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; animal care products for veterinary use, namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues or recombinant proteins for the treatment of pain; itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis; biotechnological preparations for veterinary use, namely 100% species-specific monoclonal antibodies, canine or feline fusion proteins, and canine or feline insulin analogues for the treatment of pain; itch, diabetes, cancer, and inflammation and inflammatory diseases, namely inflammatory skin conditions namely atopic dermatitis, flea allergy dermatitis, pruritis, and pemphigus, inflammatory conditions of the internal organs namely inflammatory bowel disease, chronic kidney disease, pancreatitis, cystitis, immune-mediated hemolytic anemia, systemic lupus, erythematosus, hyper-eosininophilic syndromes, and diabetes, inflammations of the ear namely otitis externa, otitis interna, and otitis media, and inflammatory conditions of the joints namely osteoarthritis, rheumatoid arthritis, and poly arthritis

GOODS

(1) Wire wrap screens for use as sand control devices in pipes in the oil, gas and energy industries

(2) Steam injection flow control joints for use in streamed distribution applications in the oil, gas and energy industries

(3) Inflow and outflow control joints for use in the streamed distribution applications in the oil, gas and energy industries

(4) Seamed slotted liner for use in wells in the oil, gas and energy industries

(5) Seamed slotted liner for sand control in wells manufactured according to specific reservoir sand distribution, to provide self-cleaning anti-plugging slot profiles which prevent pore throat and slot plugging

(6) Seamed slotted liner used in the oil, gas and energy industries to reduce slot plugging by providing anti-plugging mechanics to the surface of a previously slotted pipe

(7) Sand control devices for use in wells, namely seamed slotted liners

(8) High performance slotted liner for use in wells

(9) Coated high performance slotted liner for use in wells in the oil, gas and energy industries

(10) Uncoated slotted liner for use in wells in the oil, gas and energy industries

(11) High performance slotted liner in which machining ridges on the walls of the slot are minimized through high speed and low feed rate cutting

(12) High performance slotted liner coated with a temperature, chemical and abrasion resistent coating resulting in a smooth slot surface and which results in minimized long term plugging as well as abrasian and temperature resistence.

(13) Sand control devices for use in wells in the oil, gas and energy industries

(14) Sand control devices for thermal well completion in the oil, gas and energy industries

SERVICES

(1) Operation of a business, namely the administration, management and coordination of enhanced oil recovery services

(2) Engineering services in the oil, gas and energy industries

(3) Design, development, improvement, manufacturing, testing and implementation of new technology, products and processes for others in the oil, gas and energy industries

(4) Engineering design services provided to others in the oil, gas and energy industries

(5) Mechanical engineering services

(6) Consulting and engineering services provided to others in the oil, gas and energy industries

(7) Providing technical research services to others in the oil, gas and energy industries

(8) Development of new technology, products and processes primarily for use oil and gas drilling, well construction and sand control

(9) Research and development of new oil, gas and energy technology, products and processes for others

(10) Preparation of engineering reports and design drawings in the fields of oil, gas and energy

(11) Educational and training services in the field of engineering services in the fileds of oil, gas and energy

(12) Evaluation and assessment of new oil, gas and energy technology, products and processes in the oil, gas and energy industries

(13) Commercialization of products, namely technology licensing, technology transfer services, licensing and assignment of intellectual property and know-how in the fields of oil, gas and energy

(14) Providing enhanced oil recovery services in the oil, gas and energy industries

(15) Providing sand control products namely, slotted liners and services in the oil, gas and energy industries

(16) Providing steam distribution products and services in the oil, gas and energy industries

(17) Providing manufacturing and machining services for sand control products in the oil, gas and energy industries

(18) Providing consulting services in the oil, gas and energy industries

(19) Providing production and manufacturing of specialized tools, namely sand control products for in situ downhole well completions, slotted liner, and well screens to third parties in the oil, gas and energy industries

(20) Providing maintenance and repair services, namely sand control products for in situ downhole well completions, slotted liner, and sell screens to third parties in the oil, gas and energy industries

(21) Providing consulting services in the sand control industry

(22) Consulting in the field of well bore sand control

(23) Providing slot width modeling and testing services in the sand control industry

(24) Providing flow control testing services in the sand control industry

(25) Providing slot density testing and calculations in the sand control industry

(26) Sand control services in the fields of oil, gas and energy exploration and production

(27) Provision of slotted liner equipment to control sand in the in the oil, gas and energy industries

(28) Engineering, consulting and testing services in the oil, gas and energy industries

(29) Providing sand control testing and analysis services with respect to finite elements and laser particle size

(30) Research and development services in the oil, gas and energy industries

(31) Educational services, namely conducting classes, seminars, conferences and workshops in the oil, gas and energy industries

(32) Operation of a website providing online information to third parties in the oil, gas and energy industries

(33) Sand control testing analysis and evaluation of tools and processes for in situ downhole well completions, slotted liner, and well screens to third parties in the oil, gas and energy industries

(34) Providing sand control design and review services, namely modeling of particle size distribution and flow testing services

(35) Providing sand control and core flow testing services in the oil, gas and energy industries

(36) Providing thermal technical design and review services, namely using simulation tools and models to analyse steam distribution

(37) Preparing and providing reports and recommendations for slot specifications required for effective sand control in the oil, gas and energy industries

(38) Developing slot width models in the oil, gas and energy industries

(39) Manufacture and design of slotted liners

(40) Manufacture and design of custom built tools for horizontal drilling

(41) Design and construction of custom horizontal completion tools

(42) Design, manufacture and installation of slotting equipment, namely slotted liner

(43) Steam distribution and sand control for enhanced oil recovery completion solutions within the oil, gas and energy industries

(44) Development of engineering models and programs designed to achieve optimal slot configuration and optimal steam distribution profiling in oil, gas and energy industries

(45) Building, construction and repair services in the oil, gas and energy industries, namely the construction, maintenance and repair of oil and gas wells and water wells

(46) Providing individualized sand control solutions to third parties based on semi-empirical modelling of particle size distribution and flow testing of the cores, calibrating proprietary models to accommodate for different types of sand that are specific to a particular reservoir

(47) Provision of slotted liners used to control sand in the oil, gas and energy industries

(48) Design, manufacturing testing and distribution of slotted liners
